Re: Attestation of Sponsorship of Uwabera Telesphore

To whom it may concern,

This letter is to confirm that Uwabera Telesphore from Musanze District was sponsored in secondary school studies for the six-year period of 2014-2019. He attended GSCIM Rwankuba and received an annual tuition scholarship of averaging \$297.33 annually.

Telesphore was selected for sponsorship based on his school performance, national exam results, as well as his family's financial status.

A receipt of one term is provided showing the average of how much ASEF was paying for him per term.

Best wishes,
